EDUCATION

Punjabi University Patiala, — BSC

April 2017 - June 2020

I studied my bachelor degree with physics, Math and Computer application. I learned a lot of things about physics, laws of physics and other related concepts. In addition to this, I also have a computer applications subject where I learned the basics of programming languages and databases. This subject adds a spark to my interest towards the IT field.

Punjabi University Patiala — MSC IT

April 2020 - June 2020

While doing graduation, my interest moved towards programming and I changed my subject to Computer application and Information technology. I have learned the basics and advanced concepts related to computer science, programming, data structures and databases.
